

Yum China Holdings, Inc.

Biodiversity Commitment

Our Sustainability Strategy is effectively integrated with the Company's long-term business strategy - 'Sustainable Platform for Growth'.

We strive to establish a responsible ecosystem and advance sustainability issues from our three strategic pillars: Food, Environment, and People.

We focus our efforts on where we have the most impact, and ensure our sustainability priorities are in line with UN2030 Sustainable Development Goals, including those related to the conservation of biodiversity, and comply with national laws, regulations and guidelines related to Biodiversity.
